

HKUST UG PROGRAMS - JUPAS 2011 ADMISSION GRADES

Background

In calculating admission scores, AS subjects are accorded a weighting of either 0.5 or 0.6 as compared to AL subjects, up to the best 3AL subjects.

If an applicant who meets our entrance requirements has repeated HKALE/HKCEE attempts, the best attainment in individual subjects will be considered and there is no penalty system.

Admission grades are provided here for reference only. In reading the information, please note that the public result attainments of the students admitted to each program vary from year to year. Moreover, the admission decision may not be made on the basis of HKALE and HKCEE grades alone. Therefore, the admission grades should not be used to predict the chance of admission to any program in the coming year.

The illustrative example below helps explain how information in the admission grades table should be read.

| Program | Median | HKALE | UE | CLC | AL-1 | AL-2 | AL-3 | AL-4 | AS-1 | AS-2 | AS-3 | AS-4 |
|---------|----------------|-------|-----|-----|--------|--------|--------|--------|--------|--------|--------|--------|

 These rows show both the HKALE & HKCEE attainment of the same applicant who was placed in the middle position (median) of the JUPAS Main Round offer list in that program.

 These rows show both the HKALE & HKCEE attainment of the same applicant who was placed ¼ way down (lower quartile) of the JUPAS Main Round offer list in that program
